gypsy.

i love when underwear doesn't have to be lacy or shiny or racy to be sexy. kate ruggiero's gypsy line of pretty panties is handmade on oahu (lucky girl) with unique and comfy fabrics. [go here](#) to read a profile on kate and the story behind her line. it's super-inspiring, and i wish her tons of success in hawaii.

also, the photography's not so shabby either, is it?
